Postal Code & City Tehran

PROFESSIONAL SKILLS SUMMARY

Backend Development (Expert): NestJS, Node.js, Express, Mongoose, Passport, Multer, EJS, Web Socket, RESTful, APIs, Middleware, JWT, Session-Cookie, Access Control (RBAC)
Frontend Development (Proficient): Angular, TypeScript, JavaScript, RxJS, Kendo UI, Bootstrap, jQuery, Flexbox, HTML, CSS, Responsive Design
Database (Competent): MongoDB, Mongoose, MySQL, MSSQL Server, LINQ, Elasticsearch, Redis, phpMyAdmin, Workbench, ERD, Database Design
DevOps (Advanced Beginner): Git, npm, yarn, Jira, Azure DevOps, Trello, Slack, PM2, Linux Terminal, Ubuntu, Docker, VMware, Nginx, Apache HTTP Server, Microsoft IIS, XAMPP
Programming (competent): C, C#, Visual C++, MFC, DLL, Object-Oriented Programming, Functional Programming, Matlab, Python, AVR, ATmega32, ESP8266, Arduino, Raspberry Pi, PLC Siemens S7 300, VHDL (FPGA)

WORK EXPERIENCE

2021-11-21 TO PRESENT

Full Stack Web Developer at [Intelligent Petro Processors](#)

I mostly focus on server-side development in GPNet5 project which is a GIS web application for simulating and analyzing gas pipelines

- .Net 5+ | C# 9+ | Clean Architecture | MediatR | Dependency Injection | MSSQL Server | LINQ | Microservice | RabbitMQ | TypeScript | NestJS | TypeORM | Angular 9+ | RxJS | Kendo UI | Turf | GIS | GeoServer | OpenLayers | Swagger UI | Azure DevOps

2018-06-22 TO 2021-11-21

Co-founder & Backend Developer at [FuDev Group \(formerly FuTech Group\)](#)

Backend developer in IranHR project team, Architecture designer and developer of Paradise Hub CRM system, and Team director in some small projects

- Node.js | Express | MongoDB | Elasticsearch | Socket.IO | Session-Cookie | JWT | Chat-System | Ticketing-System | Reservation | Payment | Role-Based

2018-01-20 TO 2018-06-22

Bootcamp Attendee at [Maktab Sharif](#)

A Full Stack Web Development Bootcamp

- HTML5 | CSS3 | JavaScript | jQuery | Bootstrap | AngularJS | Node.js | Express | EJS | MongoDB | MySQL | Git

2017-10-23 TO 2017-12-21

Embedded System Programmer at [Kinetic Fabrication Studio](#)

I programmed a Smart Wall which has got plates tracking the people moving in front of it

- C | AVR | Arduino | IR-Sensor | Servo-Motors | LED-lighting

2017-06-22 TO 2017-08-23

Software Developer at [Parto Tajhiz Besat](#)

I tried to add some monitoring and controlling features for their system control software

- C# | .Net Framework | Windows Forms | USB-Port | USART | RS-232

EDUCATION

2013-09-23 TO 2018-01-21

Shahrood University of Technology

- Bachelor's Degree (BE): *Robotics Engineering*

2009-09-23 TO 2013-06-21

Allameh Helli 4 High School (NODET)

- Diploma: *Mathematics and Physics*

LANGUAGES

Persian (Farsi) Native Speaker
English Intermediate
